 - (3) by holding as an Asset of the Fund, an amount equal to the balance of all amounts due and payable in respect of the Forfeited Units; and
 - (4) by paying the balance to the person whose Units have been forfeited.
- (b) If more than one Forfeited Unit is sold in a single sale process, the Responsible Entity must allocate the expenses listed in clause 4.5(a)(1) and (2) proportionally across all of the Forfeited Units being sold.
- (c) Joint holders of Units are jointly and severally liable for all amounts due and payable on their Units.

5 Rights of Optionholders

5.1 Terms of Offer and subscription

- (a) The Responsible Entity must notify each person being offered Options of the Terms of Offer and the Terms of Issue of any Options which may be granted at the time of the offer.
- (b) A person may subscribe for an Option in accordance with the Terms of Offer. An Option may be subscribed for by a nominee of the person entitled to subscribe for the Option unless the Terms of Offer provide otherwise.

5.2 Options bind the Responsible Entity

Upon creation, an Option binds the Responsible Entity until expiry in accordance with its Terms of Issue.

5.3 Exercise

An Optionholder may only exercise an Option in accordance with the Terms of Issue. An Option may be exercised by a nominee of the Optionholder unless the Terms of Issue provide otherwise.

5.4 Expiry

On the termination or winding up of the Trust, all Options lapse and, subject to any amounts specifically expressed to be payable to the Optionholder on the termination or winding up of the Trust, the liabilities of the Responsible Entity cease in respect of each Option.

5.5 Cancellation or purchase

- (a) The Responsible Entity may cancel or purchase an Option, or any of the rights of an Option, in accordance with the Terms of Issue. Options and rights may only be cancelled or purchased under this clause 5.5(a) in proportion to the number of the relevant Options held by each Holder on a date determined by the Responsible Entity and the Responsible Entity may round the result to the nearest multiple of 10 (5 being rounded up) or of 1 (0.5 being rounded up).
- (b) Options and rights purchased under clause 5.5(a) form part of the Fund, and the Responsible Entity is recognised as the Holder and may exercise, resell or otherwise deal with them as it sees fit. The Responsible Entity retains title in law to every such Option and right until the Option or right is resold or expires and such title in law will not merge into such obligations as are constituted by the grant of such Options and rights.

5.6 Benefits and obligations of Optionholders

- (a) An Optionholder holds Options subject to this deed and such Terms of Issue and Terms of Offer as apply to those Options. Except where expressly provided in this deed, or any applicable Terms of Issue or Terms of Offer, to the contrary:
 - (1) all obligations in this deed bind each Optionholder to the extent provided in this deed; and
 - (2) the benefits in this deed only apply for the benefit of Optionholders where expressly provided in this deed.
- (b) Optionholders have only those rights expressly conferred on them by this deed and the Options' Terms of Offer and Terms of Issue.
- (c) An Option does not confer on the Optionholder any interest in the Fund or its Assets or any entitlement to any distribution of income or capital, or any distribution on winding up or termination of the Trust.
- (d) Optionholders are entitled:
 - (1) to inspect any document which may be inspected by; and
 - (2) to be sent any document which is sent to,
 - Unitholders in similar circumstances.

6 Power to issue Units and grant Options

6.1 Powers Cumulative

The Responsible Entity may issue Units and Options only in accordance with this clause 6 and other relevant provisions of this deed. Subject to clause 1.7, no provision in this clause 6 limits any other provision in this clause, and nothing in this clause 6 or this

deed limits or is taken to limit the Responsible Entity's power to issue Units in compliance with any applicable ASIC Relief (and the Listing Rules and Listings Requirements, as applicable) whether or not that ASIC Relief or the Listing Rules requires certain provisions to be set out in this clause 6 or otherwise.

6.2 Issue of Units at fixed price

In addition to any other power the Responsible Entity has to issue Units under this deed, the Responsible Entity may issue Units at any time to any person at an Issue Price as follows:

- (a) if Units are Listed (and have not been suspended from Listing other than temporarily) on at least one of the JSE or the ASX:
 - (1) at the Market Price of such Units immediately before the date on which the Unit is issued or offered for issue; and
 - (2) in respect of Units issued on exercise of an Option, at an Exercise Price equal to the Market Price of a Unit immediately before the date on which the Option was offered or granted, less the Issue Price of the Option specified in the Terms of Offer or Terms of Issue for that Option; and
- (b) if Units have been suspended from Listing (other than temporarily) on both the JSE and the ASX, or have otherwise ceased to be Listed, at the Current Unit Value calculated as at a date not less than 20 Business Days before the date of issue.

6.3 Issue of Options at fixed price

In addition to any other power the Responsible Entity has to grant Options under this deed, the Responsible Entity may grant Options at any time to any person at an Issue Price as follows:

- (a) at the Issue Price as is specified in the Terms of Offer or Terms of Issue for that Option: or
- (b) if Options of the same class are Listed (and have not been suspended from Listing other than temporarily) on at least one of the JSE or the ASX:
 - (1) at the Market Price for those Options immediately before the date upon which the Option is offered or granted; and
 - (2) in respect of Units issued on exercise of any such Options, at the Exercise Price for those Options determined in accordance with their Terms of Issue.

6.4 Placements

- (a) While Units or Options (as the case may be) are Listed on the ASX (and have not been suspended from Listing other than temporarily), whether or not they are Listed on any other foreign market including the JSE, in addition to any other power the Responsible Entity has to issue Units or grant Options under this deed, the Responsible Entity may issue Units or grant Options at an Issue Price determined by the Responsible Entity, being a price other than the Issue Price calculated in accordance with clauses 6.2, 6.3 or 6.10, if it complies with:
 - (1) the conditions and restrictions of any applicable ASIC Relief on which the Responsible Entity relies for the issue under the placement; and

- (2) the Listing Rules and the Listings Requirements, to the extent those rules or requirements apply to the issue.
- (b) Where the Units or Options (as the case may be) are not ASX Listed but are JSE Listed or listed on any other foreign market (and have not been suspended from Listing other than temporarily on the relevant market) then the Responsible Entity may issue Units or grant Options at an Issue Price determined by the Responsible Entity, being a price other than the Issue Price calculated in accordance with clauses 6.2, 6.3 or 6.10 if:
- (1) the issue, together with any related issue (as defined in ASIC Class Order [CO 13/655]) in the previous year, immediately before the issue, does not comprise more than 15% of the Units or Options in the relevant class; or
 - (2) Holders who hold Units or Options in the same class approve the issue by a Placement Resolution, and each of the other conditions and restrictions of any applicable ASIC Relief if any on which the Responsible Entity relies for the issue under the placement are met.

6.5 Rights issues

- (a) In addition to any other power the Responsible Entity has to issue Units under this deed, subject to compliance with:
- (1) the conditions and restrictions of any applicable ASIC Relief on which the Responsible Entity relies for the rights issue; and
 - (2) the Listing Rules and the Listings Requirements to the extent those rules or requirements apply,
- the Responsible Entity may issue Units at an Issue Price determined by the Responsible Entity, being a price other than the Issue Price calculated in accordance with clauses 6.2, 6.3 or 6.10, if:
- (A) the Units have been offered to all Holders (or, as the case may be, all Holders other than such Foreign Holders as have been excluded in accordance with clause 6.11) as at a record date that the Responsible Entity determines, in proportion to the value of each relevant Holder's interest in the Trust as at that record date; and
 - (B) all the Units offered are in the same class.
- (b) In addition to any other power the Responsible Entity has to grant Options under this deed, subject to compliance with:
- (1) the conditions and restrictions of any applicable ASIC Relief on which the Responsible Entity relies for the rights issue; and
 - (2) the Listing Rules and the Listings Requirements to the extent those rules or requirements apply,
- the Responsible Entity may grant Options at an Issue Price determined by the Responsible Entity, being a price other than the Issue Price calculated in accordance with clauses 6.2, 6.3 or 6.10, if:
- (A) the Options have been offered to all Holders (or, as the case may be, all Holders other than such Foreign Holders as have been excluded in accordance with clause 6.11) as at a record date that the Responsible Entity determines, in proportion to the value of each relevant Holder's interest in the Trust as at that record date;
 - (B) all the Options offered are in the same class; and

(C) the means of calculating the Exercise Price is set out in the Terms of Issue.

6.6 Distribution reinvestment issues

In addition to any other power the Responsible Entity has to issue Units under this deed, the Responsible Entity may issue Units at an Issue Price determined by the Responsible Entity, being a price other than the Issue Price calculated in accordance with clauses 6.2, 6.3 or 6.10, pursuant to a distribution reinvestment arrangement referred to in clause 13.14 where:

- (a) all or part of a Unitholder's Distribution Entitlement is applied in payment for the subscription for Units; and
- (b) the Responsible Entity complies with:
 - (1) the conditions and restrictions of any applicable ASIC Relief on which the Responsible Entity relies for the distribution reinvestment; and
 - (2) the Listing Rules and the Listings Requirements to the extent those rules or requirements apply in respect of the distribution reinvestment.

6.7 Other issues of Units or Options

In addition to any other power the Responsible Entity has to issue Units or Options under this deed, the Responsible Entity may issue Units or Options at an Issue Price determined by the Responsible Entity, being a price other than the issue price calculated in accordance with clauses 6.2, 6.3 or 6.10 in any circumstances where the Corporations Act does not restrict the Responsible Entity from doing so.

6.8 Fractions of Units

Where an issue would otherwise result in a Unitholder holding a fraction of one Unit:

- (a) while the Listings Requirements apply, the Responsible Entity must round down the number of Units and account to the Unitholders concerned for the net proceeds of disposal of the fractions of Units (unless the JSE Listings Requirements state otherwise); and
- (b) while the Listings Requirements do not apply, the Responsible Entity may round the number of Units issued downwards or upwards to the nearest whole number at the Responsible Entity's discretion, and any excess Application Money or other money or property which results from a rounding becomes an Asset of the Fund.

6.9 Currency

Without limiting the Responsible Entity's discretion as to the Terms of Issue and Terms of Offer, Units and Options may be issued with an Issue Price and (as applicable Exercise Price) denominated in dollars or rand.

6.10 Underwriting

- (a) The Responsible Entity may arrange for:
 - (1) an offer for sale, subscription, issue or grant of Units or of Options; or
 - (2) the exercise of Options; or

- (3) an issue of Units pursuant to an arrangement for distribution reinvestment established by the Responsible Entity under clause 13.14,
to be underwritten by an underwriter on terms determined by the Responsible Entity.
- (b) The underwriter may:
- (1) be the Responsible Entity, the Manager or an Associate of the Responsible Entity or Manager; and
 - (2) take up any Units or Options not subscribed for.
- (c) The Responsible Entity may issue Units and grant Options pursuant to this clause 6.10 at an Issue Price equal to the Issue Price at which the Units or Options in relation to the underwritten issue or grant were, or would have been, issued or granted to persons other than the underwriter or underwriters.

6.11 Foreign Holders

- (a) The Responsible Entity may determine that Foreign Holders are not to be offered Units or Options which are otherwise offered to Holders (or a class of Holders) where it considers that it would be in the best interests of Holders, including having regard to matters such as:
- (1) the number of Foreign Holders in the relevant jurisdiction and the number and value of Units or Options held by such Foreign Holders; and
 - (2) the cost of complying with legal and regulatory requirements for the offer, issue or transfer of Securities in the relevant jurisdiction,
- or on any other basis permitted under the Corporations Act.
- (b) If the Responsible Entity makes such a determination, and it is practicable to do so, the Responsible Entity may, or may appoint a nominee to, sell the Foreign Interests and pay each Foreign Holder the amount calculated as follows:

$$A = NP \times \frac{NF}{N}$$

Where:

- A** is the amount to be paid to that Foreign Holder;
- NP** is the net proceeds of sale of the Foreign Interests being the amount (if any) remaining after deducting from the proceeds of sale of the Foreign Interests the total of:
- the Costs of the sale;
 - the amounts (if any) payable by the Responsible Entity to any nominee appointed under this clause 6.11 in respect of the Foreign Interest; and
 - any amounts the Responsible Entity would be required by law or otherwise entitled to deduct or withhold under this deed;
- NF** is the number of Foreign Interests to which that Foreign Holder would otherwise have been entitled; and
- N** is the aggregate number of Foreign Interests.

6.12 Specific Issue of Units for Cash in connection with the 2018 ASX Listing proposal

In addition to any other power the Responsible Entity has to issue Units under this deed, the Responsible Entity is authorised to issue Units under the Specific Issue of Units for Cash at the price obtained under a Bookbuild, but subject to a minimum Issue Price calculated as the greater of:

- (a) the Net Asset Value of the Trust most recently reported to the JSE and based on the most recent financial statements for the Trust adjusted if appropriate by any independent third party valuation, expressed in Australian dollars, and divided by the number of Units on issue at the time the Bookbuild closes; and
- (b) the equivalent in Australian dollars of the volume weighted average trading price per Unit on the JSE calculated for the 30 most recent business days (as defined in the Listings Requirements of the JSE) immediately before the date of lodgement of the PDS under which the Units are offered, less a 3% discount, provided that in determining such volume weighted averaged traded price, trades which:
 - (1) are effected other than through the normal trading systems of the JSE; but
 - (2) are nevertheless settled through the settlement systems of the JSE, are disregarded.

7 Issue of Units and of Options

7.1 Pre-emptive rights

- (a) While Units are JSE Listed, the Responsible Entity must exercise its powers to issue Units and Options only in the situations permitted in this clause 7.1.
- (b) **Situation 1 - pro rata offer**

If the Responsible Entity conducts an offer of Units or Options to all Unitholders (or to all holders of a class of Units) on a pro rata basis (whether rights or entitlements to participate in such offer are renounceable or non-renounceable), the Responsible Entity may issue Units or Options:

 - (1) to Unitholders who apply for the relevant Units or Options pursuant to such offer, or their assignees or nominees; or
 - (2) to the extent that relevant Units or Options are not taken up by Unitholders (or their assignees, or nominees) pursuant to such offer, to any underwriter or sub-underwriter of any such offer.

For these purposes:

 - an offer of Units or Options includes an invitation to apply to subscribe for Units or Options; and
 - an offer will be regarded as having been conducted on a pro rata basis even if the Responsible Entity excludes any Foreign Holders (or class of Foreign Holders) from participation in the offer.
- (c) **Situation 2 - issue to acquire an asset**

The Responsible Entity may issue Units or Options for purposes of the acquisition of an asset by:

- (1) the Trust or any Sub Trust;
- (2) any trust, managed investment scheme, partnership, body corporate or other entity controlled by the Responsible Entity in its capacity as responsible entity of the Trust, or by the trustee of any Sub Trust in its capacity as trustee of such Sub Trust; or
- (3) any Stapled Entity.

Such issue may be to the person disposing of the relevant asset, or their assignee or nominee, or as the Responsible Entity otherwise determines for purposes of funding the acquisition.

For these purposes, **control**, in relation to an entity, means the possession, direct or indirect of the power to direct or cause the direction of the management, policies or activities of the entity, whether through the ownership of securities, by contract or agency or otherwise.

(d) **Situation 3 - issue approved by Holders**

The Responsible Entity may issue Units or Options if such issue is:

- (1) authorised or approved by a resolution of Holders;
- (2) approved by the JSE; and
- (3) otherwise conducted subject to the Listings Requirements.

(e) **Situation 4 – other issues permitted by the Listings Requirements**

The Responsible Entity may otherwise issue Units or Options in any circumstances where the Listings Requirements do not prohibit the Responsible Entity from doing so.

7.2 Terms of Issue and Terms of Offer

Subject to the other provisions of this deed, the Responsible Entity may determine:

- (a) in relation to a Unit or Option, the Terms of Issue (if any) for that Unit or Option; and
- (b) in relation to an offer to acquire an Option, the Terms of Offer (if any) for that Option.

7.3 Number of Units issued

- (a) If the Responsible Entity accepts an Application for Units in whole or in part, subject to clause 7.3(b) the number of Units issued is the number determined by the Responsible Entity by dividing the relevant Application Money by the Issue Price.
- (b) Where the calculation under clauses 7.3(a) would otherwise result in a Unitholder holding a fraction of one Unit, the Responsible Entity may deal with the fraction that would otherwise result in accordance with clause 6.8.
- (c) The number of Units issued upon the exercise of an Option is to be determined in accordance with the Terms of Issue and Terms of Offer.

7.4 Application for Units or for Options

A person who wishes to subscribe for Units or for Options must:

- (a) complete or make an Application in the form or manner determined by the Responsible Entity;
- (b) lodge or make the Application at the place or address and in the manner determined by the Responsible Entity; and
- (c) include with the Application the Application Money in the form and manner specified by the Responsible Entity and, if the person is to transfer property other than Cash to the Responsible Entity, all things that the Applicant has to give the Responsible Entity under clause 7.5(a).

7.5 Payments to the Responsible Entity

- (a) If an applicant is to transfer property other than Cash to the Responsible Entity, the Responsible Entity must not accept the Application unless:
 - (1) the Responsible Entity has received from the applicant an effective transfer of the title to the property in favour of the Responsible Entity; and
 - (2) unless the Responsible Entity has elected to determine the value of the property in accordance with clause 12.3, a valuation or other statement of the current market value of the property acceptable to the Responsible Entity.
- (b) Unless the applicant has paid all amounts payable in respect of the issue of Units, or transfer of property (if any) to the Responsible Entity, before the Responsible Entity accepts the Application, the Responsible Entity must deduct those amounts before determining the number of Units to be issued under clause 7.3.
- (c) If Units or Options are issued or purported to be issued and:
 - (1) the Responsible Entity has not received the Application Money in accordance with any applicable Terms of Issue or Terms of Offer; or
 - (2) any payment for Units or for Options is not cleared or property is not effectively transferred to the Responsible Entity,

the Units or Options are void as from their date of issue, or such other date as the Responsible Entity determines (unless the Responsible Entity has otherwise received payment of an amount equal to the Application Money for the Units or Options).
- (d) All income in respect of the payment or property received on an Application for Units or Options (which has been accepted by the Responsible Entity) before the issue of those Units or Options forms part of the Fund.
- (e) The Responsible Entity must hold the Cash received or other property transferred to the Responsible Entity on an Application in accordance with the Corporations Act (to the extent it applies to such receipt or transfer). Application Money for Units or Options issued pursuant to a PDS must be paid to the Responsible Entity, to be placed by the Responsible Entity in a special trust account until the earlier of:
 - (1) the minimum subscription, if any (to be specified in the PDS) has been reached and the Responsible Entity decides to proceed to allotment of Units or Options; or
 - (2) the date by which the Application Money would need to be repaid under the Corporations Act.

Until the Responsible Entity decides to proceed to the allotment of Units or Options in accordance with this clause 7, it holds such Application Money in accordance with the Corporations Act and the Responsible Entity must comply

with all obligations imposed by the Corporations Act in relation to the Application Money.

7.6 Responsible Entity's discretion on Application

The Responsible Entity may accept or refuse to accept in whole or in part any Application for Units or Options (other than an Application for Units on the exercise of an Option). The Responsible Entity does not have to give any reason or ground for such refusal.

Without limiting the Responsible Entity's discretion, the Responsible Entity may refuse to accept any Application if the Responsible Entity reasonably believes that:

- (a) there may be adverse Tax consequences for the Trust or Holders as a result of accepting the Application, or the issue of Units or grant of Options pursuant to the Application;
- (b) an approval or authorisation under the *Foreign Acquisitions and Takeovers Act 1975* (Cth) may be required in relation to the applicant's subscription for Units or Options and the Responsible Entity has not received evidence satisfactory to the Responsible Entity that either no approval or authorisation is required, or that all necessary approvals and authorisations have been obtained; or
- (c) the applicant is a US Person who is not a QIB-QP or will hold Units or Options for the account or benefit of any US Person who is not a QIB-QP (whether or not the Responsible Entity has determined that person to be an Excluded US Person).

7.7 Allotment of Units or grant of Options

- (a) A Unit or an Option is regarded as issued or granted to the person entitled to it if and when that person's name is recorded in the Register as the holder of that Unit or Option, and that person becomes a Unitholder or Optionholder. No rights attach to a Unit until it is issued, or to an Option until it is granted.
- (b) When a Unit is issued to a Unitholder or an Option is granted to an Optionholder, the Cash or other property comprising the Application Money in relation to that Unit or Option becomes part of the Fund.

7.8 Register

While the Trust is JSE Listed, a Register of Units and Unitholders will be administered and maintained by or on behalf of a participant, as defined in the FMA, as required in accordance with the provisions of that Act and in accordance with the system for administering and maintaining records of dematerialized Units operated and used by the JSE, or in such place and manner as the JSE may permit. While the Trust is ASX Listed, subject to the Corporations Act and the Listing Rules (if the Listing Rules apply), a Register of Units and Unitholders will be kept by or on behalf of the Responsible Entity in such place and manner as the Responsible Entity determines. The records of Units and Unitholders may be kept in a single Register or multiple Registers, as relevant law and regulatory requirements permit.

8 Registers and transfers of Units and Options

8.1 Recognition of registered Holder

- (a) Except as otherwise provided by law or this deed, the Responsible Entity:
 - (1) must treat the person entered on the Register as the Holder of a Unit or an Option as the absolute owner of that Unit or that Option (as the context requires); and
 - (2) need not recognise any other equitable, contingent, future or partial claim or interest in any Unit or Option by any other person, even if the Responsible Entity has notice of that claim or interest.
- (b) With the consent of the Responsible Entity, Units or Options held by a trustee may be marked in the Register in such a way as to identify them as being held subject to the relevant trust. However, this does not limit the operation of clause 8.1(a).

8.2 Joint Holders

Where 2 or more persons are recorded in the Register as the holders of a Unit or Option, for the purposes of the administration of the Trust and not otherwise, they are deemed to hold the Unit or Option as joint tenants, on the following terms:

- (a) the Responsible Entity is not bound to record in the Register more than 3 persons as the Joint Holders of the Unit or Option;
- (b) the Joint Holders are jointly and severally liable in respect of all amounts, including Tax, payable in respect of the Unit or Option;
- (c) on the death of a Joint Holder, the survivor or survivors are the only person or persons whom the Responsible Entity will recognise as having any title to the Unit or Option, but the Responsible Entity may require any evidence of death which it thinks fit;
- (d) any one of the Joint Holders may give an effective receipt which will discharge the Responsible Entity in respect of any payment or distribution; and
- (e) only the person whose name appears first in the Register as one of the Joint Holders is entitled to delivery of any notices, cheques or other communications from the Responsible Entity, and any notice, cheque or other communication given to that person is deemed to be given to all the Joint Holders.

8.3 Transfer

- (a) While Units or Options are not Listed, subject to clauses 8.3(b) and 8.7, all transfers of Units or Options must be implemented by a proper instrument of transfer and in a manner approved by the Responsible Entity. The Responsible Entity may decline to register a transfer of Units or Options under this clause 8.3(a) unless the instrument of transfer:
 - (1) is duly stamped (if applicable);
 - (2) is accompanied by such evidence as the Responsible Entity requires to prove the title of the transferor; and
 - (3) complies with any requirements prescribed by the Responsible Entity from time to time.

- (b) While Units or Options are Listed, all transfers of such Units or Options (as applicable) must be given effect in accordance with the Listings Requirements and the Listing Rules (each as applicable) and the requirements of any applicable depository system or computerised or electronic system of transfer or registration and other applicable rules made as contemplated by clause 8.7.
- (c) Except as provided by any applicable Operating Rules of a CS Facility while the Trust is ASX Listed, a transferor of a Unit or Option remains the Holder until the transfer is registered and the name of the transferee is entered in the Register in respect of that Unit or Option or the transfer is otherwise implemented in accordance with the Listings Requirements.
- (d) Distributable Income to which a Unitholder is entitled when a transfer or transmission of Units is recorded in the Register remains credited to the transferor.

8.4 Transaction advice

If the Responsible Entity accepts a transfer under clause 8.3, the Responsible Entity may issue a transaction advice for the Units or Options which have been transferred and the balance of any Units or Options which were not transferred.

8.5 No general restriction on transfer

- (a) Except to the extent that the relevant Holder agrees otherwise, subject to clauses 8.5(b) and 8.5(c), while Units or Options are Listed, there is no restriction on the transfer of such Units or Options (as applicable) and the Responsible Entity may not do anything which may prevent, delay or in any way interfere with, the registration of a transfer of such Units or Options (as applicable) under clause 8.3.
- (b) While the Trust is ASX Listed, and if permitted to do so by the Listing Rules, the Responsible Entity may:
 - (1) request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of Units or Options from being registered on the CS Facility's sub register or registered on an issuer-sponsored sub register, as the case may be; or
 - (2) refuse to register a transfer of Units or Options to which paragraph (a) does not apply.
- (c) While the Trust is ASX Listed, the Responsible Entity must:
 - (1) request the CS Facility Operator or the Registrar, as the case may be, to apply a holding lock to prevent a transfer of Units or Options from being registered on the CS Facility's sub register or registered on an issuer-sponsored sub register, as the case may be; or
 - (2) refuse to register a transfer of Units to which paragraph (a) does not apply,

if the Corporations Act or Listing Rules require the Responsible Entity to do so or the transfer is in breach of clause 8.11.
- (d) If, in the exercise of its rights under clauses 8.5(b) or 8.5(c), the Responsible Entity requests the application of a holding lock to prevent a transfer of Units or Options or refuses to register a transfer of Units or Options, it must, within two months after the date on which the transfer was lodged with it, give written notice of the request or refusal to:
 - (1) the holder of the Units or Options;

- (2) the purported transferee; and
- (3) the broker lodging the transfer, if any.

Failure to give notice does not, however, invalidate the decision of the Responsible Entity.

- (e) Except as otherwise set out in this clause 8, there is no restriction on any other transfer of Units or Options.

8.6 Transmission of Units and Options

- (a) If a Transmission Event occurs in respect of a Holder, the only persons who will be recognised as having any title to the Units or Options registered in the Unitholder's name or any benefits accruing in respect of those Units or Options are:
 - (1) where the Holder is a Joint Holder, the survivor or survivors of the Holder;
 - (2) where the Holder is an individual, the legal personal representative of the Holder or the person entitled to the Units or Options as a result of bankruptcy; or
 - (3) where the Holder is a body corporate, the person entitled to the Units or Options as a result of the deregistration, dissolution or succession.
- (b) Nothing in clause 8.6(a) releases the Holder or the estate of a deceased Holder from any liability in respect of the Units or Options held whether that Unit or Option was held by the deceased solely or jointly with other persons.
- (c) A person who becomes entitled to a Unit or Option as a result of a Transmission Event may, upon producing such evidence as the Responsible Entity may require to prove that person's entitlement to the Unit or Option, elect:
 - (1) to be registered as the Holder of the Unit or Option by signing and serving on the Responsible Entity a notice stating that election; or
 - (2) to have some other person nominated by that person registered as the transferee of the Unit or Option by executing a transfer to that other person that complies with clause 8.3.
- (d) The Responsible Entity need not register any transfer or transmission pursuant to this clause 8.6 unless the transferee provides an indemnity in favour of the Responsible Entity in a form determined by the Responsible Entity in respect of any consequence arising from the transfer or transmission.
- (e) The provisions of this deed relating to the right to transfer, and the registration of transfers of, Units and Options apply, so far as they can and with such changes as are necessary, to any transfer under clause 8.6(c) as if the relevant Transmission Event had not occurred and the transfer was signed by the Holder of the Unit or Option.
- (f) For the purposes of this deed, where 2 or more persons are jointly entitled to any Unit or Option in consequence of a Transmission Event they will, upon being registered as a Unitholder of the Unit or Option, be taken to hold the Unit or Option as joint tenants and clause 8.2 will apply to them.
- (g) Despite clause 8.6(a), the Responsible Entity may register a transfer of Units or Options signed by a Unitholder before a Transmission Event even though the Responsible Entity has notice of the Transmission Event.

8.7 Participation in transfer systems

The Responsible Entity may determine that Units or Options which are Listed will participate in:

- (a) the central securities depository prescribed for purposes of the JSE under the FMA and the computer system or systems and associated network or networks operated or used by the JSE for purposes of settling transactions in equity securities;
- (b) the CS Facility; or
- (c) any other depository system or computerised or electronic system of transfer or registration.

The Responsible Entity may, with the approval of the JSE, create rules to facilitate participation which may be additional to or may override this clause 8.

Nothing in this clause 8 prevents the transfer of a Unit or Option by any other method which is required or permitted by the Corporations Act, ASX, ASIC or the JSE.

8.8 Indemnity for transfer causing Duty liability

- (a) If:
 - (1) the transfer of a Unit results in the Unitholder (which is the transferee of the Unit) (**Transferee**) being liable to pay Duty on the transfer; and
 - (2) the Transferee does not pay some or all of the Duty, and as a result the Responsible Entity or another Holder, other than the transferor, (**Indemnified Party**) is liable to pay some or all of the Duty or any other amount resulting from the Transferee's non-payment of the Duty,

the Transferee must indemnify the Indemnified Party for any amount paid or payable by the Indemnified Party as contemplated by paragraph (2) above.
- (b) If an Indemnified Party pays any amount under clause 8.8(a)(2) without having been indemnified for the payment in advance by the Transferee, until the Indemnified Party is repaid in full all amounts paid by it under clause 8.8(a)(2) the Responsible Entity:
 - (1) may withhold all or part of any amount (including any distribution) payable to the Transferee under this deed and pay the amount to the Indemnified Party; and
 - (2) may deem to be Forfeited Units any number of the Transferee's Units as the Responsible Entity reasonably determines are required to repay to the Indemnified any amount paid by the Indemnified Party under clause 8.8(a)(2). The Responsible Entity may deal with those Units in accordance with clause 4, with such changes as are necessary, except that instead of applying the proceeds of sale of those Units in accordance with clause 4.5(a), the Responsible Entity must apply the proceeds of the sale in accordance with clause 8.8(c).
- (c) For the purposes of clause 8.8(b)(2), the order and manner of application of proceeds of sale is as follows:
 - (1) by paying (or reimbursing the Responsible Entity for) any Costs and liabilities incurred by the Responsible Entity, in its capacity as trustee of the Trust, in relation to the sale or disposal of the Forfeited Units including commission, Duty, transfer fees and advertising and postal charges;

- (2) by paying (or reimbursing the Responsible Entity for) any Costs and liabilities incurred by the Responsible Entity, in its capacity as trustee of the Trust, in relation the Transferee's non-payment, including all Costs and liabilities associated with the forfeiture and any proceedings to recover the amount due from the holder of the Forfeited Unit;
- (3) by paying each Indemnified Party any amount paid by the Indemnified Party under clause 8.8(a)(2) for which the Indemnified Party has not previously been reimbursed; and
- (4) by paying the balance to the Transferee.

8.9 US Sale Facility

- (a) Each Holder acknowledges that Units and Options may not be held by, or for the account or benefit of, any US Person who is not a QIB-QP.
- (b) Subject to the Corporations Act, at any time the Responsible Entity may determine that a Holder (or person seeking to be recorded in the Register as a Holder) is an 'excluded US Person' if it reasonably believes that the person is a US Person who is not a QIB-QP or holds or will hold Units or Options for the account or benefit of any US Person who is not a QIB-QP. Subject to clause 8.9(d), all of the Excluded US Person's Units and Options become Excluded Securities on such determination being made.
- (c) Without limiting the Responsible Entity's discretion under clause 8.9(b), the Responsible Entity may:
 - (1) at any time require a Holder (or person seeking to be recorded in the Register as a Holder) to complete a statutory declaration stating whether or not that person, or any person on whose account or benefit it holds or will hold Units or Options, is a US Person who is not a QIB-QP and specifying the number of Units or Options affected; and
 - (2) treat any person who does not comply with the request as an Excluded US Person.
- (d) Where a person is determined to be an Excluded US Person because the person holds or will hold Units or Options for the account or benefit of a US Person who is not a QIB-QP the Responsible Entity may determine that some of the Units or Options held by the Excluded US Person are not Excluded Securities.
- (e) The Responsible Entity may at any time:
 - (1) refuse to register a transfer of Units or Options to an Excluded US Person; or
 - (2) give a notice to a Holder who is an Excluded US Person requiring the disposal of their Excluded Securities (free of encumbrances) either to a person appointed by the Responsible Entity to sell the Excluded Securities (**US Sale Nominee**) or to a person who is not an Excluded US Person within 30 days of receiving the notice.
- (f) Each Holder who is an Excluded US Person must comply with a notice given under clause 8.9(e)(2). If a Holder does not do so, at any time after the end of the period specified in that clause 8.9(e)(2):
 - (1) the Responsible Entity, as agent for the Holder, may transfer the Excluded US Person's Excluded Securities (free of encumbrances) to the US Sale Nominee or to the person to whom the US Sale Nominee sells the relevant Excluded Securities; and

- (2) the Responsible Entity may enter the US Sale Nominee, or person to whom the US Sale Nominee sells the relevant Excluded Securities, as holder of the Excluded Securities in the relevant Register whether or not the Responsible Entity has received a transfer or other document in respect of those Securities, in which case the US Sale Nominee or relevant person becomes the holder of those Excluded Securities with effect from the date its name is recorded in the relevant Register as holder of those Units or Options.
- (g) Each Holder who is an Excluded US Person consents to the sale, and directs, the US Sale Nominee:
- (1) to sell the relevant Excluded Securities; and
 - (2) to pay the net proceeds of the sale of the Holder's Excluded Securities after deducting the sale Costs (**Sale Proceeds**) to the Holder as soon as practicable after completion of the sale of the relevant Excluded Securities.
- (h) The Responsible Entity must ensure that the US Sale Nominee pays the Sale Proceeds to which the relevant Holder is entitled as soon as practicable after completion of the sale of the relevant Excluded Securities.
- (i) Each Holder who is an Excluded US Person irrevocably appoints the Responsible Entity as the Holder's agent and attorney to do on behalf of the Holder all things that the Responsible Entity reasonably considers necessary, incidental or desirable to implement the US Sale Facility, including:
- (1) executing transfers and other documents, and receiving, holding and paying money; and
 - (2) transferring any Units or Options to the US Sale Nominee, any person to whom the US Sale Nominee sells Units or Options or as otherwise contemplated by the US Sale Facility.
- The Responsible Entity is authorised to execute these documents and do these things without needing further authority or approval from the Holder.
- (j) Each Holder acknowledges that the exercise of the powers in this clause 8.9 may materially adversely affect individual Holders (including having potentially adverse tax or financial consequences) but that this is necessary to enable the US Sale Facility to be implemented.

8.10 Odd Lots

- (a) This clause 8.10 applies while the Units are Listed. If the Trust is JSE Listed but not ASX Listed, no part of this clause 8.10 will apply to the extent that the Listings Requirements specifically allow the Responsible Entity to act in a manner contrary to this clause 8.10.
- (b) Subject to the provisions of this clause 8.10, and to comply with the Listings Requirements, the Responsible Entity may, in its discretion from time to time, sell or redeem any Units held by a Holder without request by the Holder where those Units comprise an Odd Lot. The Responsible Entity may only sell or redeem Units on one occasion in any 12 month period and must only do so in respect of all Holders who hold Odd Lots except those Holders who have advised the Responsible Entity, in accordance with clause 8.10(e) that they wish to retain the Units.
- (c) The Responsible Entity must notify the relevant Holder whose Units it proposes to sell or redeem of its intention to sell or redeem Units under this clause 8.10, and

give the Holder at least 6 weeks from the date of the notice in which to tell the Responsible Entity that the Holder wishes to retain the Units. The notice must be given to all Holders whose Units comprise Odd Lots.

- (d) The Responsible Entity will not sell or redeem the relevant Units before the expiry of 6 weeks from the date of the notice given under clause 8.10(c);
- (e) If, within the 6 weeks allowed by clause 8.10(c):
 - (1) the Holder advises the Responsible Entity that the Holder wishes to retain the Units; or
 - (2) the market value or number of Units held by the Holder increases so that they no longer hold an Odd Lot,
 the Responsible Entity will not sell or redeem the relevant Units.
- (f) The power to sell Units under this clause 8.10 lapses following the announcement of a takeover, but the procedure may be started again after the close of offers made under the takeover.
- (g) The Responsible Entity or the purchaser of the Units must pay the Costs of the sale or redemption as the Responsible Entity decides.
- (h) The Responsible Entity is entitled to execute on behalf of a Holder any transfer of Units under this clause 8.10.
- (i) Each Holder whose Units comprise an Odd Lot from time to time irrevocably appoints the Responsible Entity as the Holder's agent and attorney to do on behalf of the Holder all things that the Responsible Entity reasonably considers necessary, incidental or desirable to implement any transfer of Units under this clause 8.10, including executing transfers and other documents, and receiving, holding and paying money. The Responsible Entity is authorised to execute these documents and do these things without needing further authority or approval from the Holder.
- (j) Where a Unit forms part of a Stapled Security, the Responsible Entity may only redeem Units under this clause 8.10 if the Securities to which those Units are Stapled are the subject of a contemporaneous redemption and may only sell Units under this clause 8.10 if the Securities to which those Units are Stapled are the subject of a contemporaneous sale.

8.11 Restricted Securities

- (a) While the Trust is ASX Listed, if the Listing Rules require, Restricted Securities cannot be disposed of during the Escrow Period and the Responsible Entity must not register a transfer of Restricted Securities during the Escrow Period except as permitted by the Listing Rules or ASX.
- (b) During a breach of a restriction agreement or the Listing Rule relating to Units which are Restricted Securities the Unitholder who holds those Restricted Securities is not entitled to any distribution from the Fund nor any voting rights, in respect of those Restricted Securities.

9 Redemption

9.1 Redemption offer

- (a) Before the termination of the Trust, subject to the Listing Rules and the Listings Requirements to the extent those rules and requirements apply, the Responsible Entity may, by notice to a Unitholder, offer to redeem all or some of the Units held by the Unitholder as specified in the notice. The notice must set out:
- (1) the period (being a period not shorter than 15 Business Days and not longer than 3 months from the date the notice is given) within which the Unitholder may accept the offer (the **Redemption Offer Period**); and
 - (2) whether the redemption offer relates to all or some of the Units held by the Unitholder (and if to some only, the proportion or number of Units to which it relates);
 - (3) whether the Unitholder can only request redemption of all of the Units to which the redemption offer relates, or whether the Unitholder may also request redemption of less than all of the Units to which the redemption offer relates; and
 - (4) any other terms to apply to the redemption offer.
- (b) Following receipt of a notice given under clause 9.1(a), a Unitholder may request that the Responsible Entity redeem all (or, if contemplated in the notice, some only) of the Units to which the notice relates. The request must be:
- (1) made in such form and manner, and subject to such terms, as the Responsible Entity determines when making the redemption offer; and
 - (2) lodged or made at the such place or address, and in such manner, as the Responsible Entity determines when making the redemption offer before the end of the Redemption Offer Period.
- A Unitholder may not withdraw a redemption request except with the Responsible Entity's consent.
- (c) If:
- (1) a Unitholder makes a redemption request in accordance with clause 9.1(b);
 - (2) the Responsible Entity accepts the redemption request; and
 - (3) the Unitholder continues to hold the number of Units to which the redemption request relates,
- subject to clause 9.1(d), the Responsible Entity will:
- (4) send a notice to the Unitholder that the redemption request has been accepted by the Responsible Entity within 21 days of accepting the redemption request; and
 - (5) redeem the relevant Units within 3 months after the end of the Redemption Offer Period.
- (d) If the Responsible Entity determines to not accept the redemption request, the Responsible Entity will, within 21 days of such a determination, send a notice to the Unitholder informing them that the request for redemption has not been accepted.

- (e) At any time before Units are redeemed pursuant to a redemption offer, the Responsible Entity:
- (1) may cancel the redemption offer if the redemption offer contains a material error; and
 - (2) must cancel the redemption offer if required by law, or if the Responsible Entity otherwise considers that it is in the best interest of Unitholders to do so.
- Notice of the cancellation must be given to the Unitholders to whom the redemption offer was made.
- (f) Except as provided in this clause 9, the Responsible Entity has no obligation:
- (1) to offer to redeem or accept a redemption of Units, to repurchase Units;
 - (2) to pay any part of the Redemption Price out of its own funds; or
 - (3) to redeem any Units or cause any Units to be redeemed.

9.2 Redemption of Units

- (a) Any redemption of Units will take effect on payment of the Redemption Price for those Units.
- (b) The Responsible Entity may pay the Redemption Price in Cash, or with the consent of the relevant Unitholder, by transferring an Asset of the Fund to the Unitholder rather than paying Cash in satisfaction of all or part of a redemption. Any Asset of the Fund transferred together with any Cash paid must be of value equal to the amount due to the Unitholder in respect of the redemption. The Responsible Entity must determine the value of the Asset to be transferred and the Responsible Entity's determination is final. To the extent they are not paid before the transfer takes effect, the Costs and liabilities incurred in the transfer of the Asset will be taken into account as a deduction under clause 9.4 for purposes of calculating the Redemption Price for the Units.
- (c) Where a redemption would otherwise result in a Unitholder holding a fraction of one Unit, the Responsible Entity may round the number of units issued downwards or upwards to the nearest whole number at the Responsible Entity's discretion. Any excess money which results from the rounding becomes an Asset of the Fund.
- (d) On redemption of Units, the Responsible Entity:
- (1) must cancel the Units redeemed and immediately remove the name of the Unitholder from the Register in respect of the redeemed Units; and
 - (2) may give the Unitholder a confirmation advice.
- (e) The Responsible Entity must notify the relevant Unitholder of that portion (if any) of the Redemption Price paid to a Unitholder which represents Distributable Income of the Trust and the extent to which the Redemption Price is composed of capital and income. For this purpose, the Distributable Income component of the amount paid to that Unitholder will be determined in accordance with clause 13 as if the relevant Distribution Period ended on the date of the redemption.
- (f) For the purposes of section 601KA of the Corporations Act, the period for satisfying a redemption offer that has been accepted is 3 months.

9.3 Compulsory redemption

- (a) Subject to the Corporations Act and the Listing Rules and the Listings Requirements to the extent those rules and requirements apply, and complying with clause 9.3(f), the Responsible Entity may at any time, on notice to a Unitholder, compulsorily redeem a some or all of a Unitholder's Units where the Responsible Entity reasonably believes:
- (1) that there are, or are reasonably likely to be, material adverse Tax consequences for the Trust or any other Holder arising from the Unitholder remaining a holder of the relevant Units;
 - (2) that the Unitholder continuing to hold such Units would, or would be reasonably likely to, result in the Responsible Entity, the Trust, or any other Holder, incurring any material Tax liability or suffering any other material financial disadvantage;
 - (3) that this is the most efficient means for returning capital of the Fund to Unitholders having regard to Tax, legal and regulatory considerations; or
 - (4) the Responsible Entity has determined that the Unitholder is an Excluded US Person, and the relevant Units are Excluded Securities.
- (b) In considering whether any of the circumstances contemplated in clause 9.3(a) have arisen, the Responsible Entity may request additional information from a Unitholder. Where requested information is not provided, the Responsible Entity will be entitled to exercise its discretion in a fair and reasonable manner having regard to information available to it and the risks of any material adverse consequences for any Unitholder.
- (c) Subject to complying with clause 9.3(f), the Responsible Entity may redeem any Units in order to satisfy Taxes paid or payable by the Responsible Entity in respect of a Unitholder's Units or any other unpaid amounts due by the Unitholder to the Responsible Entity, including amounts payable to the Responsible Entity under clause 20.1.
- (d) Alternatively, subject to complying with clause 9.3(f), the Responsible Entity may, in the circumstances contemplated by clause 9.3(a), deem some or all of the Unitholder's Units to be Forfeited Units. The Responsible Entity may deal with those Units in accordance with clause 4, with such changes as are necessary, except that instead of applying the proceeds of sale of those Units in accordance with clause 4.5(a), the Responsible Entity must apply the proceeds of the sale in accordance with clause 9.3(e).
- (e) For the purposes of clause 9.3(d), the order and manner of application of proceeds of sale is as follows:
- (1) by paying (or reimbursing the Responsible Entity for) any Costs and liabilities incurred by the Responsible Entity, in its capacity as Responsible Entity of the Trust, in relation to the sale or disposal of the Forfeited Units including commission, Duty, transfer fees and advertising and postal charges;
 - (2) by paying (or reimbursing the Responsible Entity for) any Costs and liabilities incurred by the Responsible Entity, in its capacity as trustee of the Trust, in relation the forfeiture and any proceedings to recover any amount due from the holder of the Forfeited Unit;
 - (3) by holding as an Asset of the Fund, an amount equal to the total amount of any Taxes paid or payable by the Responsible Entity in

respect of the Unitholder's Units and of any other unpaid amounts due by the Unitholder to the Responsible Entity; and

- (4) by paying the balance to the relevant Unitholder.
- (f) Before exercising its rights in the circumstances contemplated by clauses 9.3(a)(1) to 9.3(a)(3) and 9.3(c), the Responsible Entity must consult the affected Unitholder.

9.4 Allowable deductions

On any redemption of Units under clauses 9.2 or 9.3, the Responsible Entity may deduct from the price to be paid to the Unitholder:

- (a) any Costs and liabilities incurred by the Responsible Entity in relation to the redemption of Units under clauses 9.2 or 9.3, fairly allocated to the Units, including Costs and liabilities incurred in relation to the transfer of any Asset as contemplated by clause 9.2(b), and in the case of a compulsory redemption, any Costs associated with sourcing funding to pay the Redemption Price for the compulsory redemption;
- (b) an amount equal to the total amount of any Taxes paid or payable by the Responsible Entity in respect of the Unitholder's Units (including in respect of the redemption); and
- (c) any other unpaid amounts due by the Unitholder to the Responsible Entity.

The Unitholder indemnifies and must reimburse the Responsible Entity for any Taxes paid or payable by the Responsible Entity in respect of the Unitholder's Units (including in respect of their redemption).

9.5 Redemption Price

Any redemption of Units will occur at a price equal to:

- (a) the Current Unit Value determined on the Business Day preceding the relevant redemption; less
- (b) any amounts which may be deducted under this deed, including clause 9.4, rounded as determined by the Responsible Entity to the nearest whole cent.

9.6 Liquid or non-liquid trust

While the Trust is a Registered Scheme:

- (a) clauses 9.1 and 9.2 only apply while the Trust is a Liquid Scheme; and
- (b) while the Trust is not a Liquid Scheme, the Responsible Entity may only offer, and a Unitholder may only request the Responsible Entity, to redeem any Units held by the Unitholder in accordance with:
 - (1) Part 5C.6 of the Corporations Act; and
 - (2) clauses 9.1 and 9.2, to the extent that those clauses are not inconsistent with Part 5C.6 of the Corporations Act.

9.7 Buy-backs

The Responsible Entity may buy back and cancel Units, subject to and in accordance with the Corporations Act (including subject to the conditions of any applicable ASIC relief from time to time) and, while Units are Listed, any applicable requirements of the Listing Rules and the Listings Requirements. A buy-back may occur on or off market, and on

repurchase of the Units, the Responsible Entity may cause the Units to be cancelled. No Redemption Price is payable on cancellation of the Units.

10 Responsible Entity's powers

10.1 General powers of Responsible Entity

- (a) Subject to this deed, the Responsible Entity has all the powers that it is possible to confer on a trustee, and has all the powers that are incidental to ownership of the Fund as though the Responsible Entity were the absolute and beneficial owner of the Fund.
- (b) In the exercise of its powers the Responsible Entity may, without limitation, acquire or dispose of any real property or personal property, borrow or raise money, encumber any Asset of the Fund, incur any liability, guarantee any obligations of any person, enter into joint venture arrangements or fetter any power.

10.2 Exercise of powers

Subject to the requirements of the Corporations Act and any other applicable law, except as expressly provided otherwise in this deed (including clause 10.4), the Responsible Entity:

- (a) may make any determination, election or other decision under this deed, whether as responsible entity, trustee, agent, attorney or otherwise, in the Responsible Entity's absolute discretion; and
- (b) may otherwise decide how and when to exercise its powers, including its powers as responsible entity, trustee, attorney, agent or otherwise arising under or in relation to this deed, in its absolute discretion.

10.3 Delegation by Responsible Entity

The Responsible Entity may:

- (a) appoint a person, including an Associate of the Responsible Entity, as its delegate, attorney or agent to exercise its powers and perform its obligations; and
- (b) appoint an agent, custodian or other person, including an Associate of the Responsible Entity (each of whom may, with the approval of the Responsible Entity, sub-delegate to any person any of its functions as it thinks fit), to acquire, hold title to, dispose of or otherwise deal with any Asset of the Fund on behalf of the Responsible Entity and perform any action incidental or ancillary thereto or otherwise approved by the Responsible Entity.

10.4 Manager

- (a) The Responsible Entity must appoint the Manager to manage the Assets of the Fund under the Management Agreement.
- (b) The Management Agreement binds the Responsible Entity in its capacity as trustee of the Trust and the Responsible Entity's rights, obligations and liabilities in respect of the Management Agreement from time to time are held and owed in relation to the Managed Investment Scheme constituted by the Trust.

- (c) The Responsible Entity is authorised to, and must, pay all fees and Costs and other amounts payable under the Management Agreement out of the Fund.
- (d) On and from the time the Trust becomes ASX Listed, if the Management Agreement is amended to provide that it is to automatically terminate upon a change of Responsible Entity of the Trust under Division 2 of Part 5C.2 of the Corporations Act, paragraphs (a) to (c) of this clause 10.4 will cease to apply, and the following provisions will apply in their place:
 - (1) the Responsible Entity may appoint a manager to manage the Assets of the Fund under a management agreement;
 - (2) any such management agreement will bind the Responsible Entity in its capacity as trustee of the Trust and the Responsible Entity's rights, obligations and liabilities in respect of that management agreement from time to time will be held and owed in relation to the Managed Investment Scheme constituted by the Trust; and
 - (3) the Responsible Entity will be authorised to, and must, pay all fees and Costs and other amounts payable under that management agreement out of the Fund.

10.5 Custodian

- (a) The Responsible Entity must appoint a Custodian to hold title to the Assets of the Fund for the Responsible Entity under a Custody Agreement.
- (b) The Custody Agreement binds the Responsible Entity in its capacity as trustee of the Trust and the Responsible Entity's rights, obligations and liabilities in respect of the Custody Agreement from time to time are held and owed in relation to the Managed Investment Scheme constituted by the Trust.
- (c) The Responsible Entity is authorised to, and must, pay all fees and Costs and other amounts payable under the Custody Agreement out of the Fund.

10.6 Independent Party

- (a) The Responsible Entity must appoint an Independent Party to carry out certain operational functions which the CISCA requires independent trustees to provide, under a Review Services Agreement.

- (c) The Responsible Entity is authorised to, and must, pay all fees and Costs and other amounts payable under the Review Services Agreement out of the Fund.

10.7 No issue of debt Securities with special privileges

The Responsible Entity must not issue debt Securities in relation to the Trust on terms which confer (or, in the case of convertible debt Securities, which before conversion confer) on the holders of the debt Securities rights to attend or vote at Meetings, or to nominate or appoint directors of the Responsible Entity.

For the avoidance of doubt, where a debt Security is Stapled to a Unit any voting or other rights conferred by the Unit are not taken to be conferred by the debt Security itself.

10.8 Borrowing restriction

While the Trust is JSE Listed, the Responsible Entity must ensure that the Fund's gearing ratio, calculated in accordance with the following formula, does not exceed 60% at any time:

$$GR = \frac{GTL}{GTA} \times 100\%$$

Where:

- GR** is the gearing ratio at the relevant time
- GTL** is the total amount of the liabilities, in respect of money borrowed or raised or any financial accommodation, of the Trust Group as shown on a consolidated basis in the most recently issued statutory financial statements of the Trust Group (adding back Trust Group members' share of any liabilities for any equity accounted investments and, for the avoidance of doubt, excluding any liabilities owing by one member of the Trust Group to another)
- GTA** is the total book value of all Tangible Assets of the Trust Group on an aggregated basis shown by the most recently issued statutory financial statements of the Trust Group, less any such amounts attributable to equity accounted assets (but adding back the Trust Group members' interest in such assets)

10.9 Responsibility for compliance

Subject to the requirements of the Corporations Act and any other applicable law, the Responsible Entity must take all reasonable steps to ensure that the trustees of each Sub Trust that forms part of the Trust Group, when acting in their capacity as such, comply with:

- (c) be properly administered and operated under the AMIT Regime;
- (d) maintain equity between the Unitholders as a result of the operation of the AMIT Regime; and
- (e) make an AMIT Class Election.

11 Responsible Entity's liability

11.1 No limitation of other undertakings

This clause 11 does not limit or affect any limitations of liability or indemnities given to the Responsible Entity in this deed or under any law.

11.2 Limitation of liability of Responsible Entity

Except where the Corporations Act expressly provides otherwise:

- (a) the Responsible Entity, and each director and officer of the Responsible Entity, are not personally liable to a Holder, or any other person, in connection with the office of the Responsible Entity or director or officer of the Responsible Entity; and
- (b) the Responsible Entity will not be liable to any Holder to any greater extent than the extent to which it is entitled to be indemnified, and is in fact indemnified, out of the Assets of the Fund actually vested in the Responsible Entity in respect of the Trust.

11.3 Circumstances where Responsible Entity is not liable

Except where the Corporations Act expressly provides otherwise, the Responsible Entity is not responsible for:

- (1) any Costs and liabilities incurred by any fraud, negligence, breach of duty or breach of trust or otherwise, by any agent, delegate, attorney or custodian and any of their agents or delegates;
 - (2) any Costs and liabilities incurred by relying on any notice, resolution, information, documents, forms or lists unless it reasonably believes such item not to be genuine or not to have been passed, executed or signed by the proper parties; or
 - (3) Costs and liabilities if a person fails to carry out an agreement with the Responsible Entity or an agent or delegate of the Responsible Entity.
- (b) The Responsible Entity will not be liable to anyone in respect of any failure to perform any act or do any thing which by reason of:
- (1) any provision of any present or future law; or
 - (2) of any decree, order or judgment of any competent court; or
 - (3) any document or agreement binding on the Responsible Entity (including the Management Agreement, Custody Agreement and Review Services Agreement),
- the Responsible Entity is prevented, forbidden or hindered from performing or doing.

11.4 Responsible Entity may rely on advice

The Responsible Entity may take and act upon:

- (a) the opinion or advice of counsel or solicitors instructed by the Responsible Entity in relation to the interpretation of this deed or any other document (whether statutory or otherwise) or generally as to the administration of the Trust or any other matter in connection with the Trust; and

- (b) the opinion, advice, statements or information from any bankers, accountants, auditors, valuers, architects, engineers and other persons consulted by the Responsible Entity who are in each case believed by the Responsible Entity in good faith to be expert in relation to the matters upon which they are consulted, and the Responsible Entity will not be liable for anything done, suffered or omitted by it in good faith in reliance upon such opinion, advice, statements or information.

- (c) act in any fiduciary, vicarious, professional or other capacity, including as a banker, accountant, auditor, valuer, solicitor, independent contractor or other consultant or adviser to or representative, delegate, attorney or agent of the Responsible Entity or any Holder or as an executor, administrator, receiver or trustee;
- (d) have an interest in or enter into a contract or transaction with:
- (1) the Responsible Entity or an Associate of the Responsible Entity;
 - (2) any Holder; or
 - (3) any other person, including one whose shares or other securities form an Asset of the Fund; or
- (e) hold or deal in or have any other interest in an Asset of the Fund, and may retain, and is not required to account for, any benefit derived by doing so.

12 Valuation and currency conversion

12.1 Valuation of Assets

- (a) At any time, the Responsible Entity may cause any Asset of the Fund to be valued, and may appoint an Independent Expert (at the expense of the Trust) for these purposes.
- (b) The Responsible Entity must cause the Assets and liabilities of the Fund to be valued at least once every 36 months on a rolling basis, or as otherwise required by the Listings Requirements, and the valuation to be publicly announced promptly after the valuation is completed.
- (c) In determining whether a valuation accurately reflects the value of an Asset of the Fund, the Responsible Entity is not to be regarded as having the knowledge of a valuer or any other expertise in respect of the valuation of Assets of the Fund.
- (d) Except for purposes of determining Current Unit Value, each Asset of the Fund must be valued at its Market Value unless the Responsible Entity determines that:
- (1) there is no market in respect of the Asset; or
 - (2) the Market Value does not represent the fair value of the Asset,
- in which case the Responsible Entity must determine the method of valuation for the Asset.

- (e) Except for purposes of determining Current Unit Value, where any Asset of the Fund is to be valued, or the Net Asset Value or Enterprise Value of the Trust and the number of Units on Issue is to be determined, the valuation or determination is to be as at a time determined by the Responsible Entity.
- (f) Where the calculation of the Current Unit Value and Issue Price is to be made as at a particular date, the Responsible Entity need not cause a valuation of the Fund to be performed as at that date but may rely on the most recent valuations for the purposes of that calculation.
- (g) Where a valuation is conducted for purposes required by the Listings Requirements, the Responsible Entity must ensure that the valuation is conducted in accordance with the valuation methodology prescribed by, and otherwise in accordance with, the Listings Requirements.

12.2 Responsible Entity to determine Current Unit Value

- (a) The Responsible Entity may determine the Current Unit Value at any time, including more than once on each day.
- (b) Subject to clause 12.2(c), if the Responsible Entity has to determine the Current Unit Value, the value of Assets for purposes of calculating Net Asset Value must be their Market Value.
- (c) If ASIC provides relief from the requirements of the Corporations Act to allow the Responsible Entity to determine in its discretion whether an item should be recognised and the value or amount attributable to that particular item for the purposes of calculating Net Asset Value, the Responsible Entity may make those determinations (subject to the conditions of the relief, if any).

12.3 Valuation of Application Money

If Application Money comprises property other than Cash:

- (a) the Responsible Entity must determine the value of the property to be transferred by an applicant to the Responsible Entity; and
- (b) the value of that property must be its market value as determined by the Responsible Entity.

12.4 Currency Conversion

Where it is necessary or desirable for any purposes to convert one currency to another, the conversion will be made at a time and at such rates quoted by one or more Banks or other financial institutions that the Responsible Entity nominates in its absolute discretion.

13 Income and distributions

13.1 Determining Distributable Income and reserves

- (a) The Responsible Entity must determine the distributable income of the Trust for each Financial Year (**Distributable Income**) before the end of the relevant Financial Year. The Responsible Entity may do this by making a standing determination of principles for calculating Distributable Income, and may change the principles from time to time.

- (b) For a Financial Year of the Trust which is not an AMIT Income Year, to the extent that the Responsible Entity does not make a determination under clause 13.1(a) before the end of a Financial Year, the Distributable Income for the Financial Year will be the greater of:
- (1) the net income of the Trust calculated in accordance with the Accounting Standards excluding for these purposes any unrealised gains or losses; and
 - (2) the net income of the Trust calculated in accordance with the principles applicable under section 95(1) of the Tax Act, reduced by the amount of any franking credits or other notional income included in the assessable income of the Trust.
- (c) For any Financial Year for the Trust that is an AMIT Income Year, unless the Responsible Entity determines otherwise under clause 13.1(a), the standing principles for calculating the Distributable Income for the Financial Year and any Distribution Period will be that the Distributable Income of the Trust or the relevant class (where there is an AMIT Class Election in effect in relation to the Trust) will be the amount determined by the Responsible Entity as being the aggregate of:
- (1) the amount determined by the Responsible Entity to be the aggregate of all Trust Components for the Trust or the relevant class (where there is an AMIT Class Election in effect in relation to the Trust) for the period that have an assessable income character, determined as if the period is a year of income for the purposes of the Tax Act and excluding any amounts of a tax offset character; and
 - (2) any additional amount that the Responsible Entity considers appropriate for distribution in relation to the Trust or the relevant class (where there is an AMIT Class Election in effect in relation to the Trust) for the relevant period, including:
 - (A) amounts referable to the discount capital gains concession; and
 - (B) any other Trust Components that have the character of exempt income or non-assessable non-exempt income.
- (d) The standing principles made by the Responsible Entity under clause 13.1(c) may be changed or revoked at any time in accordance with clause 13.1(a).
- (e) In making the determinations under this clause 13.1:
- (1) the Responsible Entity may determine whether any item is income or capital and the extent to which reserves or provisions need to be made; and
 - (2) the Responsible Entity does not have to take into account the Accounting Standards or generally accepted accounting principles and practices which apply to trusts.
- (f) The preparation of the accounts of the Trust in accordance with current Australian or South African accounting standards and generally accepted accounting principles is not to be regarded as a determination of the method for calculating the Distributable Income.

13.2 Power to accumulate or defer amounts

- (a) The Responsible Entity may, in respect of a Distribution Period in a Financial Year for the Trust that is an AMIT Income Year for the Trust, determine prior to the end of that Distribution Period that all or part of the Distributable Income of the Trust for the period from the commencement of the Financial Year until the

end of the Distribution Period that has not already been distributed to Unitholders under clause 13.3 or former Unitholder under clause 9.2(e) will:

- (1) be accumulated; or
 - (2) not be distributed in respect of the Distribution Period and will be distributed to Unitholders of the Trust later in the Financial Year.
- (b) The effect of the Responsible Entity exercising its power to accumulate or carry forward an amount pursuant to clause 13.2(a) is, in accordance with clause 13.3, to:
- (1) exclude the relevant amount from the Income Distribution Entitlements for Unitholders for:
 - (A) the Distribution Period; and
 - (B) in the case of an accumulation pursuant to clause 13.2(a)(1), all future Distribution Periods; and
 - (2) in the case of amounts which are carried forward for distribution later in the Financial Year under clause 13.2(a)(2), include the relevant amount in the Income Distribution Entitlements for a subsequent Distribution Period in the Financial Year unless the Responsible Entity determines to distribute the relevant amount earlier under clause 13.3.
- (c) For the purposes of identifying the Unitholders to whom any Determined Trust Components that are reflected in Distributable Income that is accumulated under clause 13.2(a)(1) are to be attributed under the AMIT Regime, the amounts accumulated are to be treated for the purposes of the AMIT Regime as having been accumulated for the benefit of the Unitholders at the time specified by the Responsible Entity. This time must be on or after the time the Responsible Entity determines to accumulate the relevant amount, but at or before the end of the relevant Financial Year.
- (d) Amounts which are:
- (1) accumulated pursuant to clause 13.2(a)(1); or
 - (2) carried forward for distribution later in the Financial Year pursuant to clause 13.2(a)(2), but only until the time at which the amount is distributed under clause 13.3;

continue to form part of the Assets and no Unitholder has any particular right to or interest in those amounts.

13.3 Income Distribution Entitlements

Subject to the Terms of Issue for any Unit and entitlements to distributions of each class of Units:

- (a) each Unitholder's Income Distribution Entitlement for a Distribution Period other than a Distribution Period ending on the last day of a Financial Year is to be determined in accordance with the following formula:

$$DE = DIA \times \frac{UH}{UI}$$

Where:

- DE** is the Income Distribution Entitlement for that Distribution Period
- DIA** is the Responsible Entity's estimate of the Distributable Income for the Distribution Period (calculated in the same manner as determinations of Distributable Income for a Financial Year) reduced by any amounts which the Responsible Entity has determined to accumulate or carry forward for the Distribution Period under clause 13.2(a)
- UH** is the total of the number of Units which are entitled to participate fully in Distributable Income for that Distribution Period held by the Unitholder as at the close of business on the Record Date for that Distribution Period, plus the total number of each category of Units carrying a proportional entitlement to participate in distributions of Distributable Income held by the Unitholder as at the close of business on the relevant Record Date multiplied by the relevant proportion
- UI** is the total number of all Units which are entitled to participate fully in Distributable Income for that Distribution Period as at the close of business on the Record Date for that Distribution Period, plus the total number of Units in each category of Units carrying a proportional entitlement to participate in distributions of Distributable Income as at the close of business on the relevant Record Date multiplied by the relevant proportion;

- (b) each Unitholder's Income Distribution Entitlement for a Distribution Period ending on the last day of a Financial Year is to be determined in accordance with the following formula:

$$DE = (DIA_{fy} - DIA_p) \times \frac{UH}{UI}$$

Where:

- DE** is the Income Distribution Entitlement for that Distribution Period
- DIA_{fy}** is the Distributable Income for the Financial Year calculated in accordance with clause 13.1
- DIA_p** is the total amount of Distributable Income amounts estimated by the Responsible Entity for previous Distribution Periods in the Financial Year, including (without double-counting) any amounts of the Redemption Price paid to a Unitholder in respect of any redemptions during the Financial Year that the Responsible Entity has determined represent Distributable Income in accordance with clause 9.2(e) and any amounts which the Responsible Entity has determined to accumulate for any Distribution Period in the Financial Year under clause 13.2(a)(1).
- UH** is the total of the number of Units which are entitled to participate fully in Distributable Income for that Distribution Period held by the Unitholder as at the close of business on the Record Date for that Distribution Period, plus the total number of each category of Units carrying a proportional entitlement to participate in distributions of Distributable Income held by the Unitholder as at the close of business on the relevant Record Date multiplied by the relevant proportion
- UI** is the total number of all Units which are entitled to participate fully in Distributable Income for that Distribution Period as at the close of

business on the Record Date for that Distribution Period, plus the total number of Units in each category of Units carrying a proportional entitlement to participate in distributions of Distributable Income as at the close of business on the relevant Record Date multiplied by the relevant proportion.

- (c) For the purposes of undertaking the calculation in clauses 13.3(a) and 13.3(b), variables “**DIA**”, “**DIAfy**”, “**DIAP**”, “**UH**” and “**UI**” should be with reference to the Trust or if an AMIT Class Election in respect of the Trust, the relevant class.

13.4 Present entitlement

Unless the Responsible Entity determines otherwise before the end of the Financial Year, a person who at any time during the Financial Year is or has been a Unitholder, is presently entitled as at 11:59pm on the last day of the Financial Year to the Distributable Income for the Financial Year other than in an AMIT Income Year, any amounts which the Responsible Entity has determined to accumulate for any Distribution Period in the Financial Year under clause 13.2(a)(1), in the proportion that the Income Distribution Entitlements distributed (or which would be allocated under clause 13.3 if the Record Date were the last day of the Financial Year) to the Unitholder or former Unitholder in respect of the Financial Year and any Distributable Income determined by the Responsible Entity under clause 9.2(e) to represent Distributable Income paid by a former Unitholder bears to the Distributable Income for the Financial Year.

13.5 Distributions

- (a) The Responsible Entity must have distributed all of the Distributable Income for a Financial Year on or before the Distribution Date for that Financial Year.
- (b) Subject to this clause 13.5 and the Terms of Issue for any Unit and entitlements to distributions of each class of Units, the Responsible Entity must distribute Distributable Income in respect of a Distribution Period comprising the first 6 calendar months of each Financial Year to Unitholders in the proportions determined for that Distribution Period in accordance with clause 13.3.
- (c) Subject to the Terms of Issue for any Unit and entitlements to distributions of each class of Units, at any time the Responsible Entity may distribute:
- (1) Distributable Income in respect of a Distribution Period to Unitholders in the proportions determined for that Distribution Period in accordance with clause 13.2 and subject to complying with clause 13.5(a); and
 - (2) any other amounts (including capital, previous reserves, previous provisions) to Unitholders pro rata according to the number of Units held as at a time that the Responsible Entity determines.
- (d) The Responsible Entity may distribute or transfer capital to enable distribution to Unitholders of the minimum amount necessary to avoid the Responsible Entity becoming liable to pay tax on income of the Trust under the Tax Act.
- (e) The Unitholders agree that if the Responsible Entity is entitled to be indemnified by a Unitholder or a former Unitholder under clause 13.11(3) or under the AMIT Regime, the Responsible Entity may, in order to satisfy that indemnity deduct from any amounts owing to the particular Unitholder or Former Unitholder the aggregate of any amounts which the Responsible Entity is entitled to be indemnified under clause 13.11(3), or under the AMIT Regime.

13.6 Payment

- (a) The Responsible Entity must pay to each Unitholder its Income Distribution Entitlement on or before the Distribution Date. The Responsible Entity may otherwise determine the date for payment of Distribution Entitlements.
- (b) The Responsible Entity may pay a Distribution Entitlement by one or more of the following:
- (1) Cash payment made accordance with clause 27.2;
 - (2) retention of amounts in accordance with clause 13.7; or
 - (3) issue of Units or reinvestment in accordance with clause 13.8.
- Such payment will be good and complete discharge of the Responsible Entity in respect of any liability to any person in respect of an entitlement to such Distributable Entitlements.
- (c) The Responsible Entity may establish a special account (the **Distribution Account**) in the name of the Responsible Entity or its agent and transfer into that account amounts to be distributed to Unitholders, including amounts withheld pursuant to clause 7.1(c) of Schedule 3. Any amounts transferred to that account will not be part of the Fund and will be held by the Responsible Entity on a separate trust for distribution to Unitholders entitled to that distribution. The Responsible Entity has the same powers to manage and invest the money in the Distribution Account as the Responsible Entity has in respect of the Fund. All interest and other income earned from the investment is income of the Trust and the relevant Unitholders will not be entitled to such interest or income.

13.7 Retention of fractions

- (a) The Responsible Entity may retain from amounts distributable to Unitholders all amounts which are necessary to avoid distributing a fraction of a cent or which the Responsible Entity determines it is not practical to distribute on a Distribution Date. Any sum so retained will for all purposes be treated as income for the next following Distribution Period.
- (b) The Responsible Entity may retain from all amounts distributable to a Unitholder an amount in or towards satisfaction of any amount:
- (1) payable by the Unitholder to the Responsible Entity under this deed or the Terms of Issue for the relevant Units;
 - (2) required to be deducted by law; or
 - (3) which the Responsible Entity has a right to retain under any agreement between the Unitholder and the Responsible Entity.

13.8 Separate accounts

The Responsible Entity may keep separate accounts of different categories or sources (or both) of income or gains, or deductions, losses or credits for tax purposes, and if such accounts are kept, they must be kept in accordance with the requirements of the Tax Act. The Responsible Entity may allocate income or gains from a particular category or source or both to particular Unitholders, provided that the allocation is not inconsistent with the entitlements of Unitholders to Income Distribution Entitlements under clause 13.3 or the Responsible Entity's obligation to attribute amounts to Unitholders under clause 13.9. For a Financial Year for the Trust which is not an AMIT Income Year, if such allocation is

made on any basis other than pro rata with all other Unitholders of a class, the Responsible Entity must notify the Unitholder.

13.9 Attribution under AMIT Regime – basis for attribution

- (a) The Responsible Entity must, for an AMIT Income Year, following the end of the Financial Year, attribute all of the Determined Trust Components of the Trust, or each Class in the Trust where there is an AMIT Class Election in force for the Trust, for the Financial Year to Unitholders or former Unitholders under the AMIT Regime.
- (b) The Responsible Entity must perform the attribution under clause 13.9(a) in accordance with the Tax Act and the following principles:
 - (1) the amount of each Unitholder's Determined Member Components of a particular character is so much of the Trust's Determined Trust Component of that particular character as is attributable to the Units held by the Unitholder, having regard to the provisions of this deed; and
 - (2) if there is more than one Class on issue in the Trust and the Responsible Entity has made an AMIT Class Election for the Trust, each Class will be treated as a separate AMIT for the purposes of the attribution under clause 13.9(a).
- (c) Subject to clause 13.9(d), but without limiting clause 13.9(b)(2), following the end of an AMIT Income Year, the Responsible Entity must determine for and attribute to each Unitholder or former Unitholder, all of the Determined Trust Components of the Trust or relevant Class (where there is an AMIT Class Election in effect for the Trust) for the Financial Year that are reflected in:
 - (1) any amounts of Distributable Income that the Unitholder or former Unitholder has become entitled to at or before the end of each Distribution Period in the Financial Year under clause 13.3 or clause 9.2(e);
 - (2) any Income Distribution Entitlements that would arise for the Unitholder or former Unitholder at a time specified in clause 13.3 ("**Relevant Time**") if the Relevant Time was the end of a Distribution Period and variable "UI" in the formula set out in that clause for the Distribution Period was the amount accumulated under clause 13.2(a)(1).
- (d) The Responsible Entity may, during an AMIT Income Year, make estimates of the extent to which particular amounts of Distributable Income that have been distributed for the Trust as an Income Distribution Entitlement under clause 13.3 or clause 9.2(e) are referable to Determined Trust Components of the Trust or the relevant Class (where there is an AMIT Class Election in effect in relation to the Trust) for the Financial Year of a particular character. These estimates are not binding on the Responsible Entity when undertaking the process provided for under clause 13.9(a).

13.10 Attribution under AMIT Regime – AMIT Class Election

Where there is an AMIT Class Election in effect, then without limiting clause 13.9:

- (a) in calculating the Determined Trust Components of each Class for the Trust, the Responsible Entity must only include in the Determined Trust Components of a Class the Determined Trust Components of the Trust that are referable to the Class, in accordance with the methodology used to determine the Income

Distribution Entitlements of Unitholders of the Class, having regard to clause 3.5(a); and

- (b) the Responsible Entity must only attribute Determined Trust Components of a particular Class to Unitholders or former Unitholders of that Class (and not any other Class).

13.11 Attribution under AMIT Regime – Unitholder objections

If the Trust is an AMIT and a Unitholder or former Unitholder makes an objection or proposed objection to how the Responsible Entity attributes the Determined Trust Components of the Trust or a Class (where the Responsible Entity has made an AMIT Class Election for the Trust) to the Unitholder or former Unitholder under the AMIT Regime, including by making a Member Objection Choice:

- (a) the Unitholder or former Unitholder must:
 - (1) provide the Responsible Entity with a copy of the objection notice including the basis for objection, within the time the Unitholder is required to do so under the Tax Act for the objection to be effective;
 - (2) provide to the Responsible Entity within a reasonable period, any information the Responsible Entity reasonably requests in relation to the Unitholder's or former Unitholder's objection or proposed objection;
 - (3) indemnify the Responsible Entity against all costs and Liabilities incurred by the Responsible Entity as a result of the objection. This paragraph (3) does not limit the Responsible Entity's other rights to indemnification under this deed.
- (b) the Responsible Entity may take such actions as it considers necessary, appropriate or reasonable to provide for the rights and interests of other Unitholder or former Unitholders to be protected, including in dealings with the Commissioner of Taxation; and
- (c) the Responsible Entity may amend its attribution of Determined Trust Components to Unitholders or former Unitholders based on the Responsible Entity's determination of what attribution is appropriate, and take such actions as the Responsible Entity determines are necessary to give effect to the amended attribution, including issuing or reissuing AMMA Statements to Unitholders or former Unitholders.

13.12 AMIT Regime – Unders and Overs

For any Financial Year that is an AMIT Income Year, the Responsible Entity may determine how any Unders or Overs that arise for the Trust are to be dealt with in accordance with the AMIT Regime. The Responsible Entity is not liable to any Unitholder or former Unitholder with respect to how it addresses any Unders or Overs, provided that the Responsible Entity addresses the Unders or Overs in accordance with the AMIT Regime, and irrespective of whether the choices made result in an attribution outcome for a Unitholder or former Unitholder that is different from the attribution outcome if the Responsible Entity had not made the choice, or had made the choice differently.

13.13 AMIT Regime – exercise of Responsible Entity's powers

Notwithstanding the status of the Trust as an AMIT for a Financial Year, and without limiting clauses 10.1 or 10.2, any power exercised or any act, matter or thing done by the Responsible Entity which is based on the Responsible Entity's reasonable belief at the

relevant time that the Trust will or will not be an AMIT for the Financial Year, will be valid and binding on all Unitholders.

13.14 Reinvestment

- (a) From time to time, subject to clause 7.1, the Responsible Entity may notify Unitholders that Unitholders may on terms specified in the notice participate in an arrangement under which Unitholders may request that all or a portion of specified Distribution Entitlements due to them be satisfied by the issue of further Units.
- (b) The Responsible Entity may hold money on behalf of a Unitholder for purposes of reinvestment and aggregate such amounts until the total reaches the amount required to pay the Issue Price of a whole Unit.

13.15 Capitalisation of amounts

- (a) Subject to the Listings Requirements, any rights or restrictions attached to any Units or class of Units, from time to time the Responsible Entity may capitalise and distribute among Unitholders pro rata according to the number of Units held as at a time that the Responsible Entity determines, any amount forming part of the income, reserves or provisions of the Trust.
- (b) The Responsible Entity may determine that the capitalised amount is to be applied, subject to clause 7.1, in paying the Issue Price of new Units to be issued to the relevant Unitholders. Each Unitholder entitled to receive the distribution must accept that application in full satisfaction of their interest in the capitalised amount.
- (c) Subject to clause 13.15(d) and the Listings Requirements, the Responsible Entity may notify Unitholders entitled to receive a distribution that the Responsible Entity has determined to capitalise that the relevant Unitholders may on terms specified in the notice participate in an arrangement under which Unitholders may request that all or a portion of the capitalised amount to be paid to them in Cash.
- (d) The Responsible Entity may only make such arrangement for payment of capitalised amounts to Unitholders in cash, if it is satisfied that, if it paid the maximum amount of Cash payable under such arrangement, such payment would not cause the Trust to become insolvent within the meaning of section 95A of the Corporations Act (as if references in that section to a person were references to the Trust).
- (e) Where in accordance with the Terms of Issue or Terms of Offer of Options existing at the time referred to in clause 13.15(a), a Holder of those Options will be entitled to an issue of Units under this clause 13.15, the Responsible Entity may in determining the number of Units to be so issued, allow in an appropriate manner for the future issue of Units to such Optionholders.

13.16 Trust taxed as a company

Despite anything in clause 13.1, if in any Financial Year the Responsible Entity in its capacity as trustee becomes taxable as if it were a company under the Tax Act, the Responsible Entity has complete discretion as to how much, if any, of:

- (a) the income for each Distribution Period during that Financial Year and each subsequent Financial Year for which the Trust is taxed as if it were a company; or
- (b) in Distribution Periods subsequent to that Financial Year, the income from previous Distribution Periods which has not previously been distributed,

is to form part of the Distributable Income for purposes of calculating Income Distribution Entitlements for such Distribution Periods

13.17 Change in taxation

- (a) Despite anything in clause 13.1, if there is any amendment to the Tax Act or Income Tax Act, or a change in the administration of the Tax Act or Income Tax Act, whether resulting from judicial determination or otherwise and as a consequence the Responsible Entity believes that it is in the best interests of Unitholders that the Distributable Income should be determined otherwise than in accordance with clause 13.1, the Responsible Entity may change the basis on which it calculates Distributable Income accordingly.
- (b) The change takes effect from the first Distribution Period End Date after the Responsible Entity gives Unitholders a notice setting out the proposed changes (or such later Distribution Period End Date as the Responsible Entity specifies in the notice).

14 Meetings

14.1 Meetings

The Responsible Entity may convene a Meeting at any time. Part 2G.4 of the Corporations Act (other than sections 252F, 252G, 252H, 252T and 253E, while the Trust is not a Registered Scheme) and the provisions of Schedule 1 apply to Meetings. The provisions of paragraph 10.11 of Schedule 10 of the Listings Requirements also apply to Meetings to the extent they are not inconsistent with Part 2G.4 of the Corporations Act.

A resolution passed at a Meeting held in accordance with this deed and not inconsistent with the Listings Requirements is binding on all Holders.

15 Proposal approved by Holders

15.1 Power to implement a Proposal and limitation of liability

- (b) Subject to the Corporations Act, the Responsible Entity will not have any liability of any nature beyond the Assets of the Fund to Holders arising, directly or indirectly, from the Responsible Entity doing or refraining from doing any act (including the execution of a document), pursuant to or in connection with the implementation of a Proposal.
- (c) Each Holder irrevocably appoints the Responsible Entity as the agent and attorney of the Holder to execute all documents and do all things which the Responsible

3.3 Capital Reallocation

- (a) At any time, the Responsible Entity may issue Units (**Capital Reallocation Units**) in either of the following circumstances:
 - (1) the Responsible Entity is satisfied that immediately following the issue of any Capital Reallocation Units, those Capital Reallocation Units will be distributed pro rata to the holders of Stapled Securities; or
 - (2) another Stapled Entity (or its trustee, responsible entity or general partner) makes an Application for Capital Reallocation Units as agent for the holders of Stapled Securities and applies a distribution of capital of that Stapled Entity towards payment of the Application Money for those Capital Reallocation Units.
- (b) Immediately following the distribution referred to in clause 3.3(a)(1), or the issue of Capital Reallocation Units referred to in clause 3.3(a)(2), the Responsible Entity must consolidate the Capital Reallocation Units with all other Units then on issue in the Trust so that the total number of Units on issue after the consolidation is equal to the total number of Units on issue immediately before the Capital Reallocation Issue took place.
- (c) The Responsible Entity does not need to notify the Holder of this consolidation of Units.
- (d) Without limiting any other provision in this clause 3.3, at any time, the Responsible Entity may:
 - (1) make a pro rata distribution of capital in respect of its Units to Holders, and apply the distribution on behalf of the relevant Holders towards payment to another Stapled Entity of additional subscription amounts in respect of Attached Securities issued by that Stapled Entity to those Holders; or

- (2) receive any pro rata distributions applied by another Stapled Entity (or its trustee, responsible entity or general partner) as agent for the holders of the Attached Securities which are Stapled with Units towards payment of additional subscription amounts in respect of Units to which the Attached Securities are Stapled.
- (e) This clause 3.3 has effect despite any other provision of this deed or any other Constituent Document and any provision of this deed or other Constituent Document which is inconsistent with this clause 3.3 does not operate to the extent of any inconsistency.

3.4 Interposition of Head Trust

- (a) At any time, the Responsible Entity may establish a trust (**Head Trust**) of which the Responsible Entity or a related body corporate (as defined in the Corporations Act) of the Responsible Entity is the trustee (**Head Trustee**) and cause all of the Units and Options on issue (and if Stapling applies, the relevant other Attached Securities) to be held by or on behalf of the Head Trustee on the trusts of the constitution of the Head Trust if:
 - (1) the Responsible Entity is satisfied that to do so is in the best interests of Holders as a whole;
 - (2) units and (if applicable) options in the Head Trust are issued only to the Holders in proportion to the number of Units and Options (or if Stapling applies, the number of the relevant Stapled Securities) held by each Holder; and
 - (3) immediately following such issue, the only assets of the Head Trust are the Units and Options on Issue at that time (and if Stapling applies, the relevant Attached Securities) and the only issued securities of the Head Trust are the units and options issued in accordance with clause 3.4(a)(2).
- (b) For these purposes, the Responsible Entity may:
 - (1) acquire Attached Securities to be held as an Asset of the Fund; or
 - (2) transfer Units and Options to another Stapled Entity (or its trustee, responsible entity or general partner).
- (c) This clause 3.4 has effect despite any other provision of this deed or any other Constituent Document and any provision of this deed or other Constituent Document which is inconsistent with this clause 3.4 does not operate to the extent of any inconsistency.

3.5 Unstapling

- (a) Subject to approval by a Special Resolution of members of each Stapled Entity, the Responsible Entity may determine that the Stapling provisions of this deed will cease to apply and that a particular date is to be the Unstapling Date.
- (b) The Stapling provisions of this deed automatically cease to apply when all of the Units and Options on issue are held as assets of a Head Trust all Attached Securities become assets of the Head Trust as contemplated by clause 3.4 and that date is the Unstapling Date.
- (c) On and from the Unstapling Date, each Unit and Option ceases to be Stapled to the relevant Attached Securities and the Responsible Entity must do all things reasonably necessary to cause each Unit and Option to be Unstapled.

- (d) If the Responsible Entity determines to un Staple the Stapled Securities pursuant to this clause 3.5, that does not prevent the Responsible Entity:
 - (1) subsequently determining that the Stapling provisions should recommence; or
 - (2) Stapling an unstapled Unit or Option to any other Securities.
- (e) This clause 3.5 has effect despite any other provision of this deed or any other Constituent Document and any provision of this deed or other Constituent Document which is inconsistent with this clause 3.5 does not operate to the extent of any inconsistency.

3.6 Appointment of attorney

- (a) For the purposes of implementing a Stapling under clause 3.1, the Foreign Holder Sale Facility under clause 3.2, a Capital Reallocation Issue under clause 3.3, the interposition of a Head Trust under clause 3.4 or an unstapling under clause 3.5, and any other transactions referred to in those provisions (**Relevant Transactions**), each Holder irrevocably appoints the Responsible Entity as the Holder's agent and attorney to execute all documents and do all things which the Responsible Entity reasonably considers necessary, incidental or desirable to implement the Relevant Transactions, including:
 - (1) executing applications, withdrawals, transfers and other documents, and receiving, holding and paying money;

- (b) For the purposes of implementing a Relevant Transaction, each Holder irrevocably appoints the Responsible Entity as the Holder's proxy to vote at any Meeting or any meeting of any other Stapled Entity or entity proposed to become a Stapled Entity in favour of any resolution to approve or implement a Stapling. The Holder must not direct the Responsible Entity or otherwise interfere with the Responsible Entity's exercise of its proxy.

1.4 Purpose

The purpose of this Schedule 3 is to ensure that:

- (a) the acquisition of control over Units and Options takes place in an efficient, competitive and informed market; and
- (b) the Responsible Entity and each Holder:
 - (1) knows the identity of any person who proposes to acquire a substantial interest in the Trust;

1.5 Disclosure to Securities Exchange

The Responsible Entity may give any document received under clauses 4, 5 and 6, to the Securities Exchange for purposes of announcement by the Securities Exchange, and may make such arrangements with the operator of the Securities Exchange for delivery and public announcement of such documents as it considers appropriate.

2 Prohibited acquisitions

2.1 20% maximum

Subject to the exceptions in clause 3.3, a person must not acquire a Relevant Interest in a Security if, because of the acquisition, that person's or someone else's Voting Power in the Trust increases:

- (a) from 20% or below to more than 20%; or
- (b) from a starting point that is above 20% and below 90%.

Any holding of a Unit or an Option or acquisition of a Relevant Interest in breach of this clause 2.1 does not cause such acquisition or holding to be invalid.

2.2 Responsibility

- (a) A person holding or acquiring a Relevant Interest, together with their Related Entities, is considered as one person in respect of such Relevant Interest or exercise of Voting Power. Each of them, to the extent that they hold one or more Units or Options, is jointly and severally liable for each other's obligations under this Schedule 3, and may be made subject to the remedies referred to in clause 7.1(a).
- (b) If one or more persons pursuant to an agreement, arrangement or understanding act together for the purpose of:
 - (1) acquiring or holding a Relevant Interest;
 - (2) exercising Voting Power at a general meeting; or
 - (3) circumventing the prohibition in clause 2.1 or the obligation in clause 5 or 6.1,

all of them are considered as one person in respect of such Relevant Interest, exercise of Voting Power or circumvention. Each of them, to the extent that they hold one or more Units or Options, is jointly and severally liable for each other's obligations under this Schedule 3, and may be made subject to the remedies referred to in clause 7.1(a).

2.3 Situations not giving rise to a Relevant Interest

A person does not have a Relevant Interest in relation to Securities, if the Relevant Interest arises merely because:

- (a) of a mortgage, charge, lien or other security interest taken for the purpose of a transaction entered into by the person, if:
 - (1) the mortgage, charge, lien or security interest is taken or acquired in the ordinary course of the person's business of providing financial services and on ordinary commercial terms; and
 - (2) the person whose property is subject to the mortgage, charge, lien or security interest is not an Associate of the person;
- (b) the person acquires a Relevant Interest solely as a nominee or trustee for a person who may direct the nominee or trustee as to the exercise of any power relating to the Relevant Interest;

- (c) the person is licensed to conduct a financial services business and holds the Securities on behalf of someone else in the ordinary course of that financial services business;
- (d) the issuer of the relevant Securities has entered into an agreement to buy-back, repurchase or redeem the relevant Securities;

 - (1) the appointment is for one meeting of the relevant entity only; and
 - (2) neither the person nor any Associate gives valuable consideration for such appointment;
- (f) of a market traded option (as defined in the Corporations Act) over the Securities, or a right to acquire the Securities given by a derivative, until such time as the obligation to make or take delivery of the relevant Security arises under the market traded option or derivative;
- (g) of an agreement if the agreement:
 - (1) is conditional on a resolution referred to in clause 3.2;
 - (2) does not confer any control over, or power to substantially influence, the exercise of Voting Power attached to the Securities; and
 - (3) does not restrict the disposal of the Securities for more than 3 months from the date when the agreement was entered into;
- (h) this deed, the constitution of the issuer of the relevant Securities, or any applicable law gives all holders pre-emptive rights on the transfer of Securities if all holders have pre-emptive rights on the same terms;
- (i) the person is a director of an entity having a Relevant interest;
- (j) the person holds Securities as a custodian or depository to enable the Securities to be traded on a securities exchange, if such person is licensed to provide such custodial or depository services under applicable law; or
- (k) the person provides facilities for the clearing or settlement of transactions and the person holds Securities in connection with the provision of such facilities.

2.4 Relevant interest disregarded

When a person's Relevant Interest:

- (a) in a Unit or Option is disregarded pursuant to clause 2.3, for the purposes of clause 2.1 the person is taken not to be entitled to exercise its Voting Power; or
- (b) in another Security is disregarded pursuant to clause 2.3, for the purposes of the definition of Control the person is taken not to be entitled to exercise any votes attaching to that Security.

3 Exceptions to the prohibition

3.1 Acquisitions approved by the Responsible Entity

The prohibition in clause 2.1 does not apply to an acquisition of a Relevant Interest to the extent that the Responsible Entity has previously approved the acquisition, having in good faith determined that the acquisition:

- (a) is consistent with the purposes in clause 1.4; and
- (b) complies with the principles in clause 4.1 as they apply to the acquisition, subject to such adjustments as the Responsible Entity determines in good faith are appropriate having regard to the particular circumstances of the acquisition but without derogating from the purposes in clause 1.4.

3.2 Acquisitions approved by Holders

The prohibition in clause 2.1 does not apply to an acquisition of a Relevant Interest to the extent that the acquisition has been approved previously at a Meeting by an ordinary resolution of Holders if:

- (a) no votes are cast in favour of the resolution by:
 - (1) the acquirer and its Associates; and
 - (2) except in the case where the acquirer is acquiring Units or Options from all other Holders (or all Holders other than one or more Associates of the acquirer), the persons from whom the acquisition is to be made and their Associates; and
- (b) the Holders were given all information known to the acquirer or its Associates, or known to the Responsible Entity, material to the decision on how to vote on the resolution, including:
 - (1) the identity of the acquirer and its Associates;
 - (2) the maximum extent of the increase in the acquirer's Relevant Interest in Units and Options, and the acquirer's Voting Power, that would result from the acquisition;
 - (3) the Relevant Interest in Units and Options, and Voting Power, that person would have as a result of the acquisition;
 - (4) the maximum extent of the increase in the Relevant Interest in Units and Options, and Voting Power, of each of the acquirer's Associates that would result from the acquisition; and
 - (5) the Relevant Interest in Units and Options, and Voting Power, that each of the acquirer's Associates would have as a result of the acquisition.

3.3 Takeover Bids and On-Market Transactions

The prohibition in clause 2.1 does not apply to an acquisition of a Relevant Interest to the extent that the acquisition results from:

- (a) the acceptance of offers under a Takeover Bid; or
- (b) an On Market Transaction if:
 - (1) the acquisition is by or on behalf of the bidder under a Takeover Bid;
 - (2) the acquisition occurs during the bid period in respect of the Takeover Bid;
 - (3) the Takeover Bid is for all the Bid Securities; and
 - (4) the Takeover Bid is unconditional.

3.4 Exchange offer

The prohibition in clause 2.1 does not apply to an acquisition of a Relevant Interest to the extent that the acquisition results from the acceptance of offers made by the Responsible Entity for the Securities of another entity, where Units or Options, or Securities convertible into Units or Options, are included in the consideration for the acquisition of Securities under those offers.

3.5 Issues

The prohibition in clause 2.1 does not apply to an acquisition of a Relevant Interest to the extent that the acquisition results from:

- (a) an issue by the Trust under a PDS or prospectus (or similar disclosure document) to a person as underwriter or sub-underwriter to the issue where the relevant disclosure document disclosed the effect that the issue would have on the person's Relevant Interest in Units and Options, and Voting Power;
- (b) an issue (including to a person as underwriter or sub-underwriter to the issue) that satisfies all of the following conditions:
 - (1) the Responsible Entity offers to issue Units or Options of a particular class;
 - (2) offers are made either:
 - to all Holders (or, as the case may be, all Holders other than such Foreign Holders as have been excluded in accordance with clause 6.11 of the deed) as at a record date that the Responsible Entity determines (being a date not more than 20 Business Days before the date of the offer), in proportion to the value of each relevant Holder's interest in the Trust as at that record date; or
 - to all Holders of Units or Options in the same class (or, as the case may be, all such Holders other than such Foreign Holders as have been excluded in accordance with clause 6.11 of the deed) as at a record date that the Responsible Entity determines (being a date not more than 20 Business Days before the date of the offer), in proportion to the value of each relevant Holder's percentage holding of Units or Options in the relevant class as at that record date;
 - (3) the Issue Price of all the Units or Options offered is the same;
 - (4) the Units or Options are offered to Holders at substantially the same time;
 - (5) agreements to issue are not entered into until the specified time for acceptance of offers has closed; and
 - (6) the terms of all the offers are the same; or
- (c) an issue (including to a person as underwriter or sub-underwriter to the issue) of Units or Options under a distribution reinvestment arrangement referred to in clause 13.8 of the deed.

3.6 Other corporate actions

The prohibition in clause 2.1 does not apply to an acquisition of a Relevant Interest to the extent that the acquisition results from:

- (a) a buy-back, repurchase, redemption or cancellation of Units or Options conducted in accordance with this deed and any applicable law; or
- (b) a transaction contemplated by clause 3 of Schedule 2.

4 Takeover Bids

4.1 General principles

In addition to fulfilling the purposes in clause 1.4, a Takeover Bid must comply with the following principles:

- (a) An offer for Bid Securities must be an offer to buy all of the Units or Options in the same class as the Bid Securities or a specified proportion of the Units or Options in the same class as the Bid Securities. The proportion specified must be the same for all Holders of the Bid Securities.
- (b) A person who holds one or more parcels of those Units or Options as trustee or nominee for, or otherwise on account of, another person may accept the offer as if a separate offer had been made in relation to:
 - (1) each of those parcels; and
 - (2) any parcel the person holds in the person's own right.
- (c) All the offers made must be the same, disregarding for these purposes:
 - (1) any differences in the offers attributable to the fact that the number of Bid Securities that may be acquired under each offer is limited by the number of Bid Securities held by the Holder;
 - (2) any differences in the offers attributable to the fact that the offers relate to Bid Securities having different accrued distribution entitlements;
 - (3) any differences in the offers attributable to the fact that the person making the offer may issue or transfer only whole numbers of Securities as consideration for the acquisition; and
 - (4) any additional cash amount offered to Holders instead of the fraction of a Security that would otherwise be offered.

However, if the consideration offered under the Takeover Bid includes an offer of Securities, the Securities do not need to be offered to Foreign Holders if under the terms of the Takeover Bid:

- (5) the offeror under the Takeover Bid must appoint a nominee for Foreign Holders approved by the Responsible Entity (such approval not to be unreasonably withheld or delayed);
 - (6) the offeror under the Takeover Bid must issue or transfer to that nominee the Securities that would otherwise be issued or transferred to the Foreign Holders who accept the Takeover Bid for that consideration, or the right to acquire those Securities; and
 - (7) the nominee must sell the Securities, or those rights, and distribute to each of those Foreign Holders their proportion of the proceeds of the sale net of expenses.
- (d) The consideration offered for Bid Securities must equal or exceed the maximum consideration that the person making the offer (or any of its Associates) directly

or indirectly provided, or agreed to provide, for Units or Options under any purchase or agreement during the 4 months before the first day of the period of the offer.

- (e) A person making an offer for Bid Securities must not directly or indirectly, during the period of the offer, give, offer to give or agree to give a benefit to a person if:
- (1) the benefit is likely to induce the person directly or indirectly to accept the offer or dispose of Units or Options; and
 - (2) the benefit is not offered to all holders of Bid Securities.
- (f) Each offer must be in writing and have the same date. This date is the day the first offer is made. The period of the offer must:
- (1) start on the date the first offer is made; and
 - (2) last for at least one month, and not more than 12 months.
- (g) If, within the last 7 days of the period of the offer:
- (1) the offers are varied to improve the consideration offered (including by offering an alternative form of consideration); or
 - (2) the number of Units or Options in which the person making the offer holds a Relevant Interest, or both, increases to more than 50% of the Units or Options (as applicable) on issue,
- the period of the offer is extended so that it ends 14 days after the event referred to in paragraph (1) or (2) above.
- (h) Offers must not be subject to a maximum acceptance condition. A maximum acceptance condition is one that provides that the offers will terminate, or the maximum consideration offered will be reduced, if one or more of the following occurs:
- (1) the number of Bid Securities for which the person making the offer receives acceptances reaches or exceeds a particular number;
 - (2) the number of Units or Options in which the person making the offer directly or indirectly holds a Relevant Interest, or both, reaches or exceeds a particular percentage of Units on issue in the Trust; or
 - (3) the percentage of Bid Securities the person making the offer has a Relevant Interest in reaches or exceeds a particular percentage of Bid Securities in that class.
- (i) Offers must not be subject to a discriminatory condition. A discriminatory condition is a condition that allows the person making the offer to acquire, or may result in that person acquiring, Bid Securities from some but not all of the people who accept the offers.
- (j) Offers must not be subject to a condition if the fulfilment of the condition depends on:
- (1) the opinion, belief or other state of mind of the person making the offer or an Associate of that person; or
 - (2) the happening of an event that is within the sole control of, or is a direct result of action by, any of the following:
 - the person making the offer (acting alone or together with an Associate); or

- an Associate of the person making the offer (acting alone or together with the person making the offer or another Associate of that person).
- (k) The person making the offer may only vary the offer made by:
- (1) improving the consideration offered (including by offering an additional form of consideration); or
 - (2) extending the period of the offer.
- The terms of accepted offers must be varied in the same way. Any person who has already accepted an offer must be entitled to the improved consideration and, in the case of an addition of a new form of consideration, be entitled to make a fresh election.
- (l) A person making an offer that is unconditional may extend the period of the offer at any time before the end of the offer. A person making an offer that is still subject to conditions may only extend the period of the offer at least 7 days before the end of the period of the offer unless during that 7 day period another person announces a bid for Bid Securities or improves the consideration offered under another bid for Bid Securities.

4.2 Bidders statement

- (a) The person making the offer must, at the same time it gives its offer to Holders of Bid Securities, also give a document to those Holders setting out:
- (1) all information known to the person that is material to the making of the decision by a Holder of Bid Securities whether or not to accept the offer; and
 - (2) any areas in which the disclosure provided with its offer departs from the disclosure which would have otherwise been required to be provided to holders of Bid Securities if the Takeover Bid were an Regulated Bid.
- (b) The document referred to in clause 4.2(a) must be given to the Responsible Entity and the Securities Exchange at least 14 days before it is given to these Holders and must be dated the date on which the document is given to the Securities Exchange. If the person making the offer becomes aware of:
- (1) a misleading or deceptive statement in the document;
 - (2) an omission from the document of information required by clause 4.2(a); or
 - (3) a new circumstance that has arisen since the document was given to the Responsible Entity and would have been required by clause 4.2(a) to be included in the document if it had arisen before the document was given to the Responsible Entity,

that is material from the point of view of a Holder of Bid Securities, the person making the offer must prepare a supplementary document that remedies this defect. The person making the offer must give the supplementary document to the Responsible Entity and give a copy to the Securities Exchange. The supplementary document must be dated the date on which the supplementary document is given to the Securities Exchange.

4.3 Regulated Bid

A bid for Units or Options is taken to comply with the principles in clause 4.1 if it is a Regulated Bid at all relevant times. The Responsible Entity must act reasonably and in a timely manner in agreeing with a person making a Regulated Bid to any modifications or exemptions to the application of Parts 6.4, 6.5, 6.6 and 6.8 of the Corporations Act to a Regulated Bid having regard to the purposes in clause 1.4, the principles in clauses 4.1 and 4.2 and Australian Law and Policy.

4.4 Target statement

If a Takeover Bid is made, the Responsible Entity must:

- (a) give to all Holders of Bid Securities, the Securities Exchange and the person making the Takeover Bid a document in a timely manner setting out all information that the Holders and their professional advisers would reasonably require to make an informed assessment whether to accept an offer under the Takeover Bid. The document must contain such information:

- (1) only to the extent to which it is reasonable for investors and their professional advisers to expect to see the information in the document; and
- (2) only if the information is known to the Responsible Entity.

The document must also include a statement by each director of the Responsible Entity:

- (3) recommending that offers under the Takeover Bid be accepted or not accepted, and giving reasons for the recommendation; or
- (4) giving reasons why a recommendation is not made.

The document must be dated the date on which the document is given to the Securities Exchange.

- (b) If the Responsible Entity becomes aware of:

- (1) a misleading or deceptive statement in the document;
- (2) an omission from the document of information required by clause 4.4(a); or
- (3) a new circumstance that has arisen since the document was given to the person making the offer and would have been required by clause 4.4(a) to be included if it had arisen before the document was given to the person making the offer,

that is material from the point of view of a holder of Bid Securities, the Responsible Entity must prepare a supplementary document that remedies this defect and give it to the person making the offer and the Securities Exchange. The supplementary document must be dated. The date is the date on which the supplementary document is given to the Securities Exchange.

4.5 Providing Holder details

- (a) If it has been given a document in accordance with clause 4.2(b) and the person making the offer makes a request for information under this clause 4.5 for the purposes of satisfying the purposes under clause 1.4 and complying with the principles under clauses 4.1 and 4.2, the Responsible Entity must inform the person of the name and address of each Holder of Bid Securities and that
